

Time for Phase

A horizontal collage of six images: a blue and white abstract pattern, a server room with blue lights, a purple and red abstract pattern, a sunset over a landscape with a power line tower, a blue and white abstract pattern, and a man working on a server rack.

Welcome to ITSF 2013

Prof. Charles Curry BEng, CEng, FIET
Founder & MD Chronos Technology Ltd
Chairman ITSF Steering Group

ITSF 2004

The 2nd IEE International
Telecommunications Synchronisation Forum

www.iee.org.uk

1 – 3 November 2004
IEE, Savoy Place, London, WC2R 0BL, UK

Technology Overview and Update Workshop:
Monday, 1 November 2004
Main Conference: Tuesday & Wednesday 2 & 3 November 2004

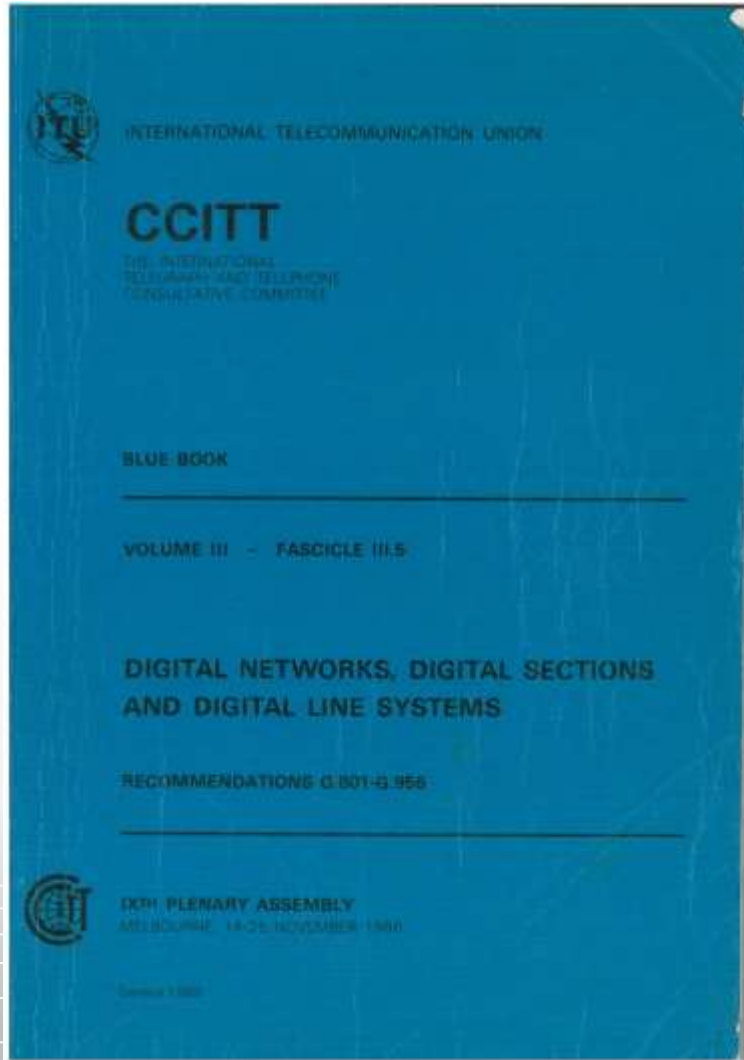

A 3-day papers driven telecoms industry forum and workshop, focusing on developments, techniques, issues, problems and solutions relating to synchronisation and timing applicable to the telecoms industry. The social programme includes a flight on the

Synchronisation for IP/Access Technologies and Applications Session

Session Chair: Phil Johnson, Easynet, UK

- 14:00 **Synchronisation for Improving VoIP Quality**
Jim Olsen, Symmetricom, USA
- 14:35 **Transporting Synchronization over Packet**
Motti Goren, Lycium Networks, Israel
- 15:10 **Recent Advances in IEEE 1588 Technology and Applications**
John Eidson, Agilent, USA
- 15:45 Refreshments
- 16:10 **An Overview of Synchronization over Packet Network**
Silvania Rodrigues, Zarlink Semiconductor, Canada
- 16:45 **Observations and Measurements of Sync Transport Access Technologies**
Charles Curry, Chronos Technology Ltd, UK

2004 - Sync World was simple!

ITSF 2013 – “Time for Phase”

- **Pre Day 1**
 - Registration and Welcome Drinks was sponsored by Semtech
- **Day1: 08:50-17:00**
 - Session 1: Tutorials
 - Session 2: Opening Remarks & Keynotes
 - Session 3: Time & Phase applications and challenges
 - 17:45 - Icebreaker sponsored by Symmetricom
- **Day2: 08:30-17:30**
 - Session 4: Future Standards
 - Session 5: Lessons Learnt
 - ITSF AGM
 - 19:00 - TimeLord Dinner sponsored by Calnex
- **Day3: 08:30-17:15**
 - Session 6: Overview: Test methods and metrics
 - Session 7: Time and Phase Delivery
